South Face, 6' x 12' Internally Illuminated AdLite  
Crystal Lake  
(560 DPI Vinyl Production)

Approach

A major state highway in McHenry County, this road serves Bullvalley, Johnsburg, Crystal Lake and McHenry. Stemming north to Wisconsin it also intersects with Miller Road crossing the Fox River to the East.

Closeup

The city of Crystal Lake is located near the southeast corner of McHenry County. Crystal Lake has seen its population increase significantly in the past ten years, with the population topping out at around 45,000. Crystal Lake holds a special attraction for many people because of its school system, recreation facilities, low crime rate, the Chicago and Northwestern commuter train line, civic clubs, churches, and of course, the clean 238-acre glacier-formed lake from which the town takes its name. Crystal Lake has been the hub of shopping, dining and night life in McHenry County for the past 15 years.
